IMPORTANT.—A map or sketch showing the location of your post office must be submitted with the return of this paper. A printed map, such as prepared by the county or city engineer, is preferred, if it can be furnished without expense to the Department. Be sure, however, to mark on it the exact site of the post office, placing a small dot in the proper square or block and on the proper side of the street.

If a separate map cannot be furnished it is necessary to submit a sketch as described below.

These diagrams are furnished simply to make it easier to draw a sketch that will show correct distances from your post office.

SQUARE DIAGRAM

Use this diagram if your post office is located in an area described by section, township, and range, and you have filled in line 3 on the other side. Otherwise use the circular diagram.

Place a small dot representing your post office in the proper quarter-section and fill in the blanks for township and range numbers.

Then draw the following features: (Note that one-half inch on the paper equals 1 mile on the ground.)

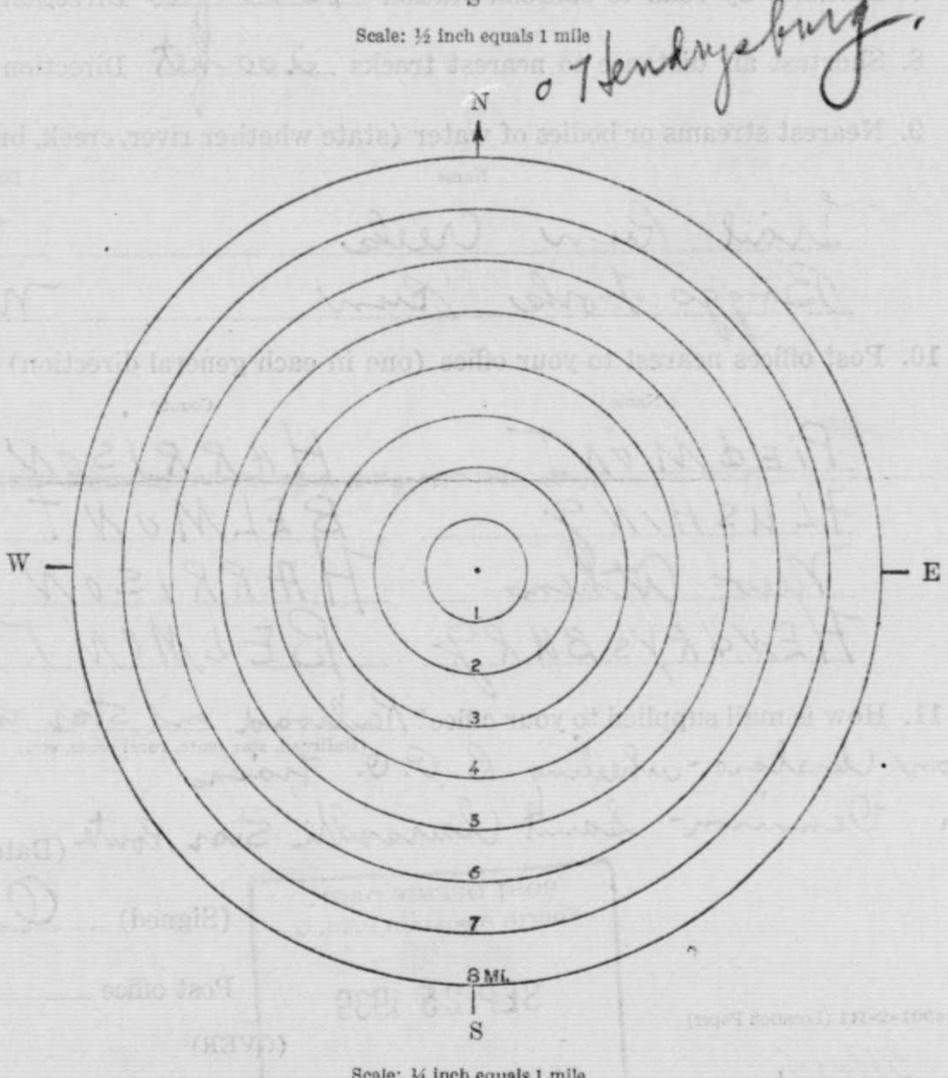

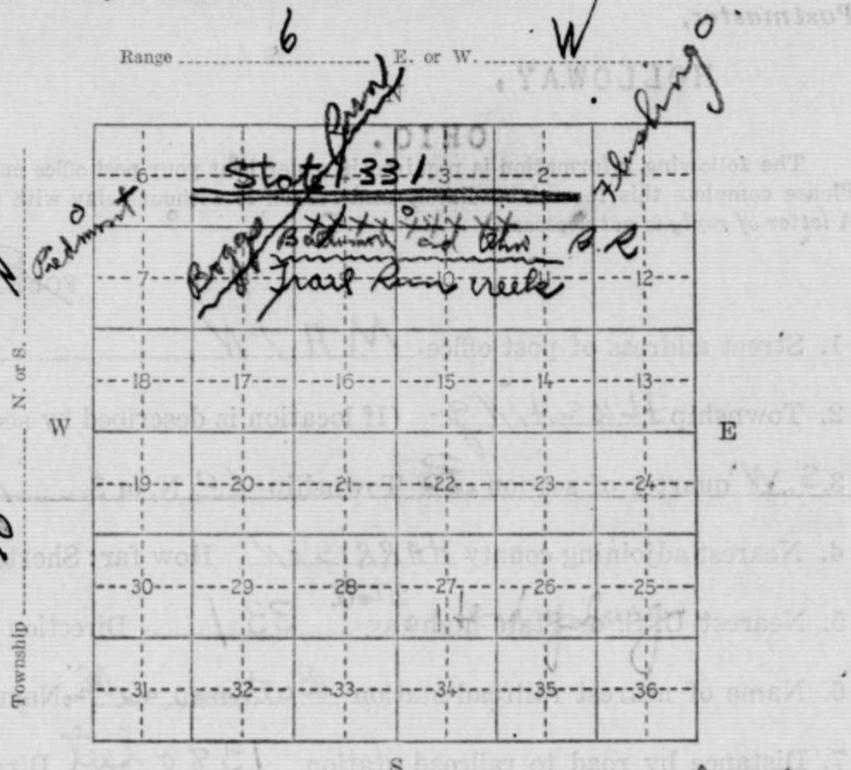

- Adjacent post offices (show with small dots and name).
- Railroads (show by single line with cross marks; name).
- Highways (show by double lines close together and mark U. S. and State numbers; name in margin the post office to which each road leads).
- Rivers, creeks, lakes, etc. (show by wavy lines and name).
- County line (show by dashes).

CIRCULAR DIAGRAM

Use this diagram if your post office is NOT located in an area described by section, township, and range.

Let the dot in the center of the circle represent your post office.

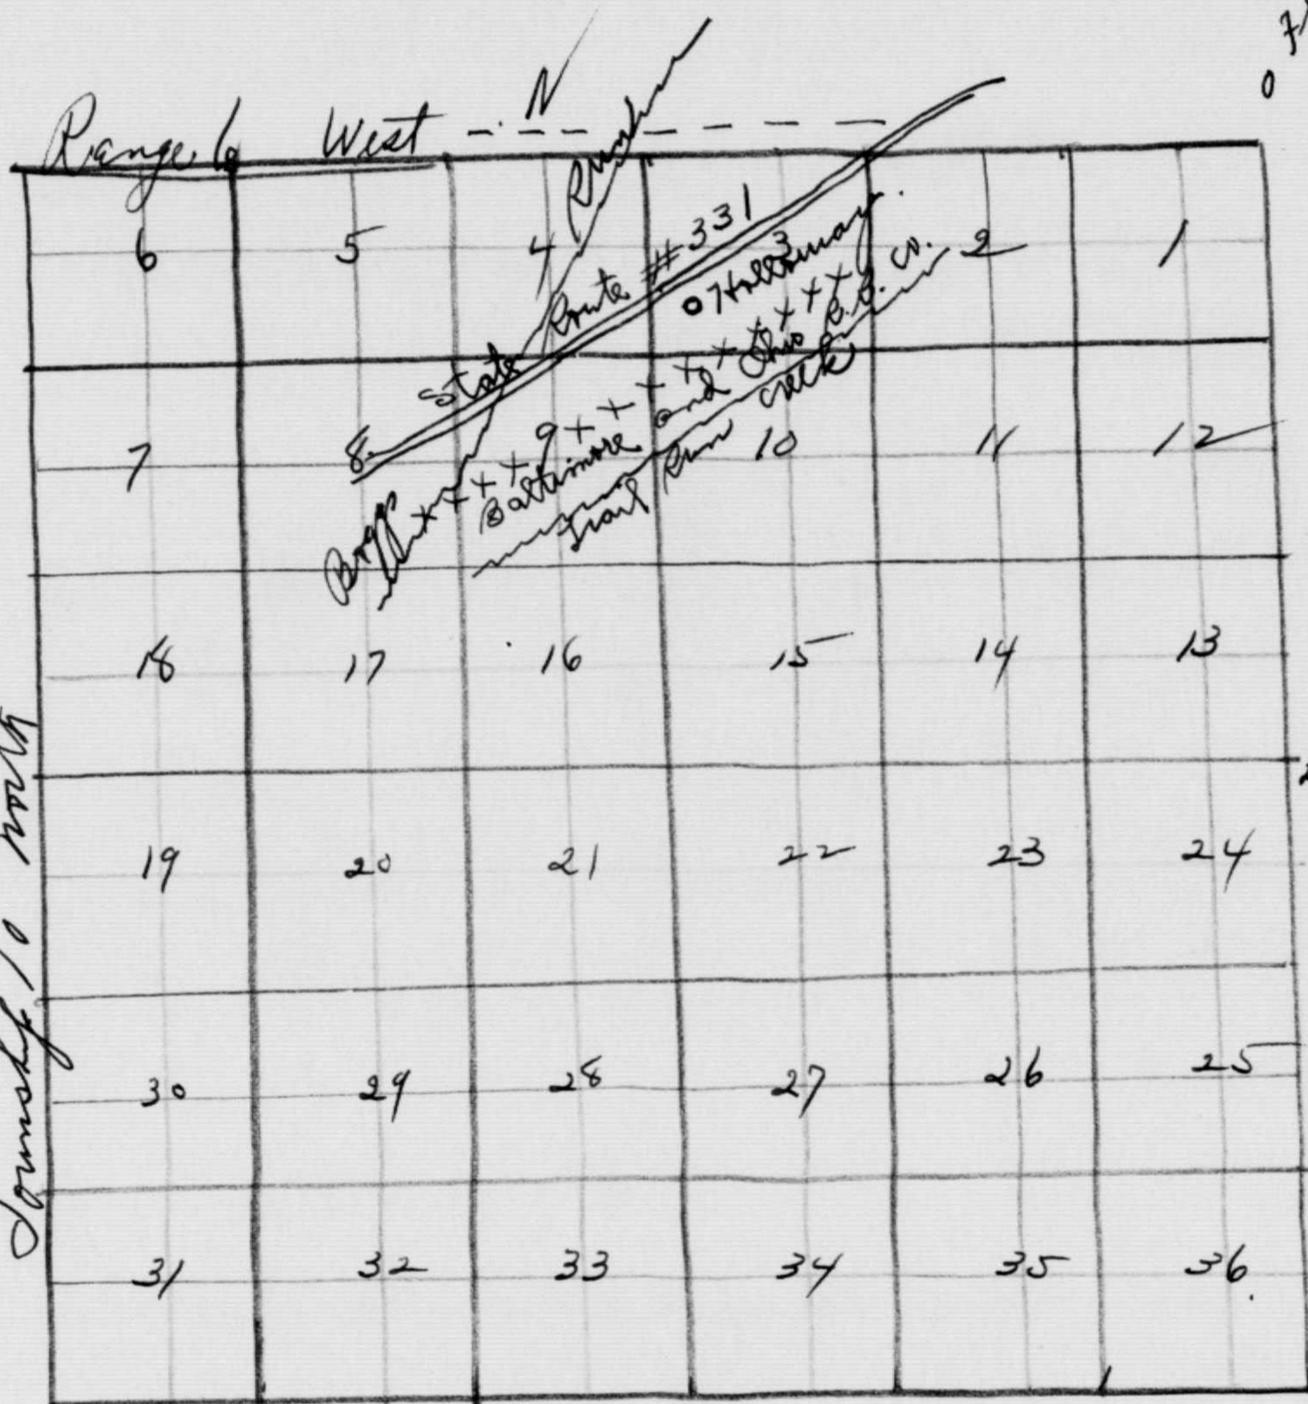

Then draw the features *a*, *b*, *c*, *d*, and *e*, as described above. (Note the scale of this diagram: One-quarter inch equals 1 mile.)

Post Office Department,

OFFICE OF THE FIRST ASSISTANT P. M. GENERAL,

WASHINGTON, D. C., May 17, 1883.

SIR: Before the Postmaster General decides upon the application for a new post office at Dunvale, Belmont County, Ohio, at which you are recommended for postmaster, he requires that the blanks in the following statement be filled, and the questions carefully and correctly answered, verified by your signature, certified by a neighboring postmaster, and returned to this Department, addressed to me. The contractor should be informed of this application; and if the site of the proposed office be off the mail route, you will forward his certificate as to the practicability of supplying it, and also as to the increase of distance. If the proposed office is not on any route now under contract, it can only be established as a "Special Office," to be supplied without expense to the Department other than net proceeds.

Be careful to designate the post offices by their true official names; and answer the subjoined queries fully and accurately, or the case will not be acted upon.

Very respectfully,

FRANK HATTON, First Assistant Postmaster General.

To Mr. Samuel S. Dumm, care of the Postmaster of Xenon, who will please forward to him.

STATEMENT.

The proposed office to be called Dunvale Holloway

Select a short name for the proposed office, which, when written, will not resemble the name of any other post office in the United States.

It will be situated in the S.E. quarter of Section Nine, Township 10, Range 6, in the County of Belmont, State of Ohio near Center of Section 6. It will be on or near route No. 6, being the route from Bridgeport to Uhrichsville, on which the mail is now carried daily. The contractor's name is The Cleveland, Lorain and Wheeling Railroad Company. Will it be directly on this route?—Ans. Yes. If not, how far from, and on which side of it?—Ans. On it, on north side. Where will the mail leave the present route to apply to the proposed office?—Ans. It won't leave. Where intersect the route again?—Ans. None. What post office will be affected by this change?—Ans. None. If not on any route, is a "Special Office" wanted?—Ans. To be supplied from. The name of the nearest office to the proposed one, on the same route, is Flushing or Belmont. The name of the nearest office on the same route, on the other side, is Flushing or Belmont. The name of the nearest office to the proposed one, not on this route, is Xenon. The name of the most prominent river near it is Ohio. The name of the nearest creek is Stillwater. The proposed office will be 3 1/2 miles from said river, on the north west side of it, and will be four miles from said nearest creek, on the north west side of it. The name of the nearest railroad is The Cleveland, Lorain & Wheeling R. Co. If on the line of or near a railroad, on which side will the office be located; how far from the track; and what is, or will be, the name of the station?—Ans. On north side of track, 200 feet distant. Name of Station now "Holloway". What will be the distance from the proposed site to the nearest flag station?—Ans. 1 1/2 miles. State name of station: Cleveringer. What will be the distance from the proposed site to the nearest station at which mail trains make regular stops?—Ans. 200 feet. State name of station: Holloway. A regular station at which all trains stop. If the proposed office is located where it can be supplied from a crane or flag station, or located over 80 rods from the station where mail trains make regular stops, will the mail be carried to and from the proposed office without expense to the Department?—Ans. Yes. This place the R.R. Co. is making a Coal yard Station on Engine house to be a 1/2 mile. If it be a village, state the number of inhabitants.—Ans. It is not yet built, supposed to be quite a little place. Also, the population to be supplied by proposed office.—Ans. At least 200 at present. A diagram, or sketch from a map, showing the position of the proposed new office, with neighboring river or creek, roads, and other post offices, towns, or villages near it, will be useful, and is therefore desired. A correct map of the locality might be furnished by the county surveyor, but this must be without expense to the Post Office Department.

ALL WHICH I CERTIFY to be correct and true, according to the best of my knowledge and belief, this 24th day of May, 1883.

I CERTIFY that I have examined the foregoing statement, and that it is correct and true, to the best of my knowledge and belief.

John W. Bethel, Proposed P. M. William W. Holloway, Postmaster at Flushing, Ohio

The R.R. Co. has bought land 3100 feet long by 150 feet wide along the track 66 feet wide for coal yard. Several new built dumps & a new hotel are now going up. A R.R. is needed there badly, & will be sure to use the site.
