IMPORTANT.—A map or sketch showing the location of your post office must be submitted with the return of this paper. A printed map, such as prepared by the county or city engineer, is preferred, if it can be furnished without expense to the Department. Be sure, however, to mark on it the exact site of the post office, placing a small dot in the proper square or block and on the proper side of the street.

If a separate map cannot be furnished it is necessary to submit a sketch as described below.

These diagrams are furnished simply to make it easier to draw a sketch that will show correct distances from your post office.

SQUARE DIAGRAM

Use this diagram if your post office is located in an area described by section, township, and range, and you have filled in line 3 on the other side. Otherwise use the circular diagram.

Place a small dot representing your post office in the proper quarter-section and fill in the blanks for township and range numbers.

Then draw the following features: (Note that one-half inch on the paper equals 1 mile on the ground.)

- Adjacent post offices (show with small dots and name).
- Railroads (show by single line with cross marks; name).
- Highways (show by double lines close together and mark U. S. and State numbers; name in margin the post office to which each road leads).
- Rivers, creeks, lakes, etc. (show by wavy lines and name).
- County line (show by dashes).

CIRCULAR DIAGRAM

Use this diagram if your post office is NOT located in an area described by section, township, and range.

Let the dot in the center of the circle represent your post office.

Then draw the features a, b, c, d, and e, as described above. (Note the scale of this diagram: One-quarter inch equals 1 mile.)

Post Office Department,

OFFICE OF THE FIRST ASSISTANT P. M. GENERAL,

WASHINGTON, D. C., May 13, 1880.

SIR: Before the Postmaster General decides upon the application for a new post office at Stockdale, County of Belmont, State of Ohio at which you are recommended for postmaster, he requires that the blanks in the following statement be filled, and the questions carefully and correctly answered, verified by your signature, certified by a neighboring postmaster, and returned to this Department, addressed to me. The contractor should be informed of this application; and if the site of the proposed office be off the mail route, you will forward his certificate as to the practicability of supplying it, and also as to the increase of distance. If the proposed office is not on any route now under contract, it can only be established as a "Special Office," to be supplied without expense to the Department other than net proceeds.

Be careful to designate the post offices by their true official names; and answer the subjoined queries fully and accurately, or the case will not be acted upon.

Very respectfully,

JAMES N. TYNER,
First Assistant Postmaster General

To Mr. J. H. Scott
care of the Postmaster of _____, who will please forward to him.

STATEMENT.

The proposed office to be called

Stockdale "Maynard"

[The name of the candidate for postmaster should not be applied as the name of a post office. It is preferable to have some LOCAL or PERMANENT name, which must not be the name of any other office in the State; and you should aim to select a name not appropriated to any office in the United States.]

It will be situated on the S.W. quarter of Section 31, Township Coleman
Range 3, in the County of Belmont, State of Ohio

It will be on or near route No. _____, being the route from Cleveland
to Wheeling, on which the mail is now carried 12 times per week.

The contractor's name is Cleveland Tuscarawas Valley & Wheeling R.R.

Will it be directly on this route?—Ans. Yes

If not, how far from, and on which side of it?—Ans. _____

How much will it INCREASE the travel of the mail one way each trip?—Ans. _____

Where will the mail leave the present route to supply the proposed office?—Ans. _____

Where intersect the route again?—Ans. _____

What post office will be left out by this change?—Ans. none at all

If not on any route, is a "Special Office" wanted?—Ans. _____ To be supplied from _____

The name of the nearest office to the proposed one, on the same route, is Fair Point
its distance is 5 miles, in a northern direction from the proposed office.

The name of the nearest office on the same route, on the other side, is Bridgeport
its distance is 12 miles, in a Southern direction from the proposed office.

The name of the nearest office to the proposed one, not on this route, is Saint Clairsville
distance by the most direct road 4 miles, in a South West direction from the proposed office.

The name of the most prominent river near it is Ohio River

The name of the nearest creek is Wheeling Creek

The proposed office will be 17 miles from said river, on the north
side of it, and will be on ~~from~~ said ~~creek~~ creek, on the north side of it.

If near a railroad, state on which side the office will be located, how far from, and the name of the station or depot.—
Ans. north, 2 Rods, Henderson.

If it be a village, state the number of inhabitants.—Ans. Good prospects for a village

Also, the population to be supplied by proposed office.—Ans. about 3 hundred

A diagram, or sketch from a map, showing the position of the proposed new office, with neighboring river or creek, roads, and other post offices, towns, or villages near it, will be useful, and is therefore desired.

A correct map of the locality might be furnished by the county surveyor, but this must be without expense to the Post Office Department.

ALL WHICH I CERTIFY to be correct and true, according to the best of my knowledge and belief, this 18th
day of May, 18 80

(Sign full name.) Josephus H. Scott, Proposed P. M.

I CERTIFY that I have examined the foregoing statement, and that it is correct and true, to the best of my knowledge and belief.
